

GENETIC TESTING FOR YOUR DAIRY HERD

Peer into the DNA of your animals and pinpoint traits for the ability to impact productivity and profitability.

Ask your Premier representative about our partnership with Zoetis to provide member-customers with genetic testing!

CLARIFIDE[®]

CLARIFIDE[®] makes it easier to understand genomics by bringing you information that really matters, including over 30 production, health and type traits, A2 beta casein testing composite indexes, genetic conditions and haplotypes.

CLARIFIDE[®]
plus

CLARIFIDE[®] Plus offers producers the most comprehensive package of trait predictions and economic indexes to empower genetic selection strategies. CLARIFIDE Plus incorporates the Dairy Wellness Profit Index[®] (DWP\$[®]), the Wellness Trait Index[®] (WT\$[®]), and the Calf Wellness Index[™] (CW\$[™]).
